Testimonials

"Qualified leads are always hard to come by and FOODSERVICE-DEK delivers consistently good results for a low cost per thousand in delivering these prospects. We have converted many of the follow-ups into solid customers -- great exposure for your brand and a good vehicle for trial offers -- we'll continue to use this direct mail approach as a regular part of our marketing/advertising mix!"

John McBride
Advertising Manager
Magic Seasoning Blends

"FOODSERVICE-DEK works two fold to generate leads as well as educate a key audience about the unique products we offer. It's a great vehicle for communicating with a large circulation that you can't always reach through a magazine ad."

"We have been advertising in FOODSERVICE-DEK for several years and are continually surprised at the quality of leads we receive from each issue."

Barb Decker
Manitowoc Ice Inc.

"The FOODSERVICE-DEK is a great way to reach a large number of new prospects extremely cost-effectively. The return postcard concept proved itself to be an easy, noninvasive way for these prospects to reach out to us. We, in turn, have successfully converted these sales leads into new customers! This program serves us especially well in a tight economy when compared with expense and results of an individual mailer, generating far better results than (fax) blasts."
